

MARTEC IND. COM. E IMP. DE MATERIAIS PLASTICOS LTDA.

TECHNICAL INFORMATION

CARBON BLACK MASTERBATCH – CODE: 256NF

DESCRIPTION:

256NF is a black masterbatch based in Carbon Black pigment that has the Polyamide 6 as base resin.

MAIN PROPERTIES:

256NF is made with a medium color Carbon Black (Tintorial strenght 110) that provide good black color jetness and easy dispersion in polymers. 256NF utilizes Polyamide 6 as a base resin, so it is suitable for application in all kind of Polyamide compounds unfilled or reinforced grades.

SPECIFIC PROPERTIES:

Pigment:	Carbon Black – Tintorial strenght 110
Content:	25% +/- 1,5%
Base resin:	Polyamide 6
Pellet size:	Dia. 3 mm X 3 mm
Packaging:	25 Kg – PE bags

APPLICATION:

From 1,0% to 2,0% depending on the final requirements of the compound.
